SUITED TO INTERMEDIATE and ADVANCED PLAYERS

You will learn:

- All sorts of different issues you have to think about in the play of a hand
 - Counting the opponents' HCPs
 - Counting the opponents' hand shape
 - How to execute a strip and end play – eliminating a hand – which also involves counting skills
 - Managing your entries
 - Thinking about how to keep a particular opponent off lead whilst making your contract
 - Working out whether you should win a trick or duck a trick, and why
 - How to find different lines of play and how to work out how to 'combine' different auctions
 - How to find different lines of play and how to work out which line of play to take, given entry constraints (percentages)
