RHO

Call goes back to RHO.
Offender must pass on their next turn to call, after which bidding continues with no further restrictions.

LHO

Call goes back to correct player. Partner can make any legal call after which, Offender can make any legal call. When that call is a comparable call there is no further rectification (*there is no UI*). If offender makes a call that is not comparable, partner must then pass on their next turn to call. (*Partner has UI and lead restrictions apply if they become defenders*)

When a player, having previously called, calls at their LHO's turn to call, this is considered a change of call and Law 25 applies
